**NEWSLETTER**

# Greek Advocate

---

## **Dear Brothers and Cousins:**

It is with great sadness that we inform you of the passing of Marc D. Stine. Marc served for fifteen years as the first Greek Advocate for the Undergraduate Interfraternity Council at the University of Colorado, Inc., (the "IFC on the Hill") which itself was the first complete student run fraternity community in the United States.

Many were not optimistic about the potential success of the IFC on the Hill. It is not exaggerating to say that, without Marc's good advice and counsel, the IFC on the Hill would not be entering its third decade, having grown from 14 chapters with 700 men (an average chapter size of fifty) to 21 chapters with 3000 men (an average chapter size of more than 140). Once what was known as the "Boulder Experiment" is now the "Boulder Experience" for one of the finest communities in Greek life.

## **Stine's Impact on the IFC on the Hill**

Probably the most important milestones that Marc Stine can take credit for are the concept of "brothers and cousins" – you have far more in common with the members of the neighboring chapter than with anyone else. Close behind that is the Call 911/Police Liaison program. Each semester's Safe Chapters meeting with police, fire, and emergency responders to go over social rules is a major part of the success of the IFC on the Hill. In twenty-one years, and more than 12,000 members, there has not been a death, severe injury, or insurance claim. The final piece of Marc's legacy is Greek 101 – a mandatory meeting of all new members and chapter officers immediately after Bid Day, establishing the same behavioral baseline for every member of every chapter.

## **Professional Educator**

Marc had several important qualifications to be Greek Advisor. Professionally, Marc was a lifelong educator. In a career of almost 35 years, Marc was a high school teacher, coach and director, assistant principal, assistant superintendent, and high school principal. Since 1979, he was in three school districts on the Front Range of Colorado. In 1992 he served as a special educational consultant to Colorado Governor Roy Romer. He was the NASSP State Principal of the Year in 1995. Marc retired from public education in 2003, having spent the last 17 years of his career as a school administrator in the Aurora Public Schools, with the final 11 years as the principal of Rangeview High School.

After leaving secondary education, Marc worked as a consultant to a variety of organizations through his own consulting firm in educational planning, leadership development, school safety, student program development and evaluation, personnel issues, and related topics.

# Greek Advocate

He also earned an M.A. in Educational Administration and an Ed.S. in Public Leadership. He has done graduate and post-graduate work at the University of Missouri-Kansas City, the University of Denver, and the University of Colorado.

## Lifetime Fraternity Man

Most importantly, Marc was lifetime fraternity man, initiated into the Omega chapter of Zeta Beta Tau at the University of Missouri in 1969, in the finest sense of "fraternity man". Stine was a long-time ZBT international volunteer and advisor to Beta Alpha Theta Chapter at the University of Colorado-Boulder. Nationally, Stine served as Chairman of the Zeta Beta Tau Foundation's Corporate Governance Committee from 2004-2009 and on that Foundation's leadership for man many years.

Stine taught and mentored countless ZBT undergraduates by serving on the faculty of Zeta Beta Tau leadership training programs and advising Zeta Beta Tau chapters at the University of Missouri, University of Kansas, University of Denver, and CU-Boulder.

## Accolades

In 2010, Stine was honored by Zeta Beta Tau with the Edwin N. Sommer Award for his selfless dedication to the ideals of Zeta Beta Tau, and in 2019 he was named ZBT's Campus Partner of the Year. In July 2021, Marc Stine was presented with Kappa Alpha Order's Accolade for Interfraternal Service. Which recognizes individuals who have demonstrated outstanding service to the Greek or fraternity community. Kappa Alpha Order noted: *Marc was instrumental in KA's return to the University of Colorado, Boulder, and has been supportive of KA since day one of the expansion. Marc's commitment to the fraternity experience at Colorado has ensured its long-term success as the model-independent fraternity community in the country. Marc is a fierce advocate for fraternities and has proven that the fraternity experience is resilient and adaptable in an ever-changing higher education environment.*

In 2022, the IFC on the Hill changed the name of its Outstanding Advisor Award to the "Marc Stine Outstanding Advisor Award". Marc's fraternity legacy lives on in his sons, Jonathan D. Stine and Alan C. Stine, both of whom are members of Zeta Beta Tau. Jonathan currently advises the University of Colorado chapter of Zeta Beta Tau and is a director on the Zeta Beta Tau Foundation Board of Directors.

Mike Smith, Greek Advocate

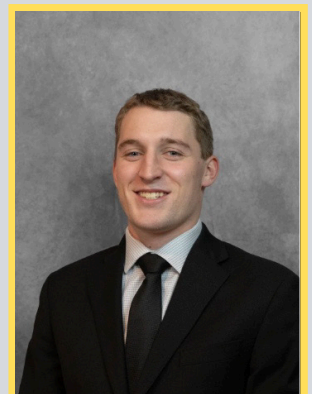

# Letter from the President

Dear Brothers, Cousins,  
and IFC on the Hill Supporters,

As we usher in 2026, the IFC on the Hill has transitioned to a newly elected executive board. I am honored to be elected as the President of this impressive group of leaders. To formally introduce myself, my name is Will Schultz. I previously served as the Chapter President of the Kappa Nu chapter of Theta Chi. In this time, I learned about the positive effect of Greek life not only for brothers and cousins, but for the entire campus community as well. This experience fostered a drive to serve beyond my role as Chapter President and ultimately led me to run for President of the IFC.

Working with the entire board, we will prioritize several key areas of focus. The first being the quality of life on the Hill. With the large increase in the CU student body, the addition of new chapters, and the exponential growth of existing chapters, the Hill neighborhood is more populated than ever. The growth of our community has outpaced the development of the Hill, which will be further discussed with the city and local stakeholders. The second key focus will be on mitigating impact on the Hill neighbors. The Hill is a community of both long-term residents and Boulder citizens, along with students. We expect IFC on the Hill chapters to create a positive and collaborative neighborhood for the betterment of the Boulder community as a whole.

Our board will be dedicated to continuing the previous work of building our relationships with the Boulder Police Department, Boulder Fire Department, and with the neighbors with whom we share the University Hill. Recently we held our Safe Chapters meeting, where new presidents met law enforcement and engaged in ways to become better neighbors ourselves. We appreciate the time and effort of the Boulder Police Department and the Boulder Fire Department in strengthening the relationships we have with them. We maintain our stance as a fully independent Greek life community, and we continue to excel in recruitment, sexual assault prevention, hazing prevention, and academics. We are committed to making the best Greek community in the nation through the efforts of real student leaders pushing for change. I am proud to serve as President of this IFC, and I appreciate all the support from my board and the community.

**Will Schultz, IFC on the Hill President and CEO**

# Greek Awards

FALL 2025

## This years Greek Award Winners

### Outstanding Senior Award:

David Yaccino  
TJ Sannazarro  
Andrew Mosser  
Harrison Minor

### Emerging Leader Award:

Jake Siemsen

### The Marc Stine Outstanding Chapter Advisor Award:

Michael Smith

### Outstanding Risk Reduction Award:

Alpha Phi Delta

### Outstanding Innovative Recruitment Award:

Kappa Alpha Order

### Outstanding Online Presence Award:

Phi Kappa Psi

### Outstanding Philanthropic Award:

Alpha Epsilon Pi

### Most Improved Chapter of the Year Award:

Kappa Alpha Order

### Chapter of the Year Award:

Alpha Epsilon Pi

### Brothers and Cousins Award:

Sigma Nu

### Greek Man of the Year Award:

Rob Gosser

### President of the Year Award:

Bob Kilburg

Congratulations to this years winners!

# Fall 2025

Fall Rush  
Greek 101  
New Member Chapters

## Fall Rush 2025

Fall Rush came with a big change, the implementation of Greeklist. Through Greeklist, 753 bid offers were sent out, and 644 bids were accepted. Fall rush showed a 86% bid acceptance rate! We are grateful for our new members and their families for their excitement, commitment, and active involvement throughout the rush process!

For more information on how to join the IFC on the Hill community, please visit our Rush page.

## Greek 101

This past fall, Greek 101 provided the unified introduction to the values, responsibilities, and safety expectations that it always does to our new members, while also giving the IFC on the Hill the opportunity to honor a proud partner, Brought to Reality, with the money raised from the previous semester. Through charity concerts and community service, the IFC on the Hill was able to donate 25,000 dollars to BTR.

## New Member Chapters: Delta Sigma Phi

Delta Sigma Phi was welcomed as an associate chapter at the beginning of Fall 2025, and after a full semester of demonstrating their values through philanthropy and risk management, the associate chapter was unanimously voted to become a full member chapter of the IFC on the Hill!

# Greek List

## A new way to take on IFC Rush

Another impact the 2025 Board had on the IFC on the Hill community was the implementation of Greeklist, a website created to streamline the rush process from the perspective of both the Chapter Rush Chair and the Potential New Members.

Three seniors from Chi Psi, Cody Muir, Hunter Kolbezen, and Logan Haase, got together to create Greeklist after having sit down interviews with previous and current IFC boards, growth developers, and IFC members. They noticed common problems between many websites meant to make lives easier within fraternities, whether it was too expensive, not used, or did not operate well. During their junior year, they realized there was no tool that has been updated for college kids, by college kids.

Rush was previously managed through a huge excel spreadsheet, with no organized information on either side of the recruitment process. They created Greeklist to give recruitment chairs and potential new members an organized, automated way to achieve one goal: Rush the IFC on the Hill. With the creation of Greeklist, On the chapters end, names and numbers are organized, statistics are ready after every event, and giving bids was easy. On the potential new members end, there was a centralized calendar showing all events, with a feature allowing them to favorite the chapters they felt a real connection to and check out chapter profiles to learn more. Fall 2025 was the first semester this program was implemented as the way to Rush IFC on the Hill, and after feedback from chapter rush chairs and now-initiated members, the website streamlined the rush process more than ever.

"During the Fall 2025 recruitment season, Greeklist was a game changer for my chapter. As president of a smaller chapter at CU Boulder, my main goal was growth, and Greeklist made that possible through strong organization and proactive engagement. The platform allowed us to target PNMs based on their profiles and track engagement from pre-rush through bid day, including prebids and COBs. Because of Greeklist and the support from the GreekList team our chapter nearly doubled in size with our Fall class. Greeklist is an essential recruitment tool, and I would recommend it to any chapter, regardless of size." Joey Sawtelle, President, Sigma Tau Gamma (Sigma Tau Gamma), University of Colorado Boulder

The IFC on the Hill is proud to continue to support this small business that came from the IFC on the Hill and uphold the Brothers and Cousins mentality.

If you would like to check out the Greeklist website, visit [greeklist.net](https://www.greeklist.net) or visit their LinkedIn at <https://www.linkedin.com/company/greeklist/>

# Fall 2025 ACADEMIC EXCELLENCE

**Congratulations to the brothers and cousins who achieved the highest GPA in their chapter!**

**Zeta Beta Tau - Jake Bates**

# Philanthropy

## Chapter Spotlight

### Alpha Epsilon Pi

Winning the best philanthropic effort award for a reason, Alpha Epsilon Pi raised \$30,200 in support of Manny's Band. Manny's Band was created in honor of their brother who unfortunately lost his life to suicide. Their goal was to raise \$25,000 to bring light to those facing the silent battles of mental health, and through events like Pie-a-Pi, car washes, Thrift Shops, and Dogs and Donuts, they surpassed their goal. On behalf of the IFC on the Hill community, we would like to congratulate the brothers of Alpha Epsilon Pi!

### Phi Kappa Psi

Last fall, Phi Kappa Psi held various events to raise money benefiting the Hunters fund, a non-profit organization with the mission to end distracted driving. Through their efforts, they donated \$10,000 to support the Hunter fund's mission.

### Sigma Tau Gamma

The most recent new member chapter of the Fall semester showed their philanthropic drive by raising \$7,500 for the Special Olympics, while also volunteering at various homeless shelters and participating in food drives.

# BTR Fundraising

## Brought to Reality

BTR Foundations mission is helping support teens struggling from mental health issues and aiding in the prevention of teen suicide. The foundation takes a non-traditional approach because mental illness is not the same for everyone. 100% of BTR's profits support youth mental health awareness and financially assist those in need.

IFC on the Hill has been big supporters of Brought to Reality and their mission in the past, and last semester, showed commitment to the cause BTR supports by raising \$24,898.44.

These two concerts, both of which showcased IFC on the Hill chapters DJ's like TWO.S (KA) and DoubleTake (TKE), alongside well known artists like Ship Wrek, were in support of BTR through ticket sales. The IFC community bought upwards of 1,384 tickets between the two shows, raising a total of \$24,898.44 for Brought to Reality.

The IFC was proud to present the money raised to BTR during Greek 101, where new members were able to see first hand the strong relationship between Brought to Reality and IFC on the Hill.

Chapter

# Awards & Recognitions

---

**Chi Psi** - Community Engagement Award, Innovation in Recruitment Award, Campus Partnership Award, Deans Leadership Recognition, selected to host the 184th Chi Psi National conference.

**Pi Kappa Alpha** - Robert Adger Smythe award, recognizes the top 10% of all 200+ PIKE Chapters across North America.
